EXPERIENCE

June 2007—present
Raleigh, NC

RED HAT
www.redhat.com

Telling company stories (both technical and cultural) that further the Red Hat brand through motion design, graphic design and video. Design lead for the video team: responsible for maintaining consistent brand messaging, look and feel. Delivering beyond in-house client expectations by applying Red Hat design thinking processes to project execution.

June—August 2006
San Francisco, CA

IDEO
www.ideo.com

Graphic design internship in a highly collaborative environment. Worked with cross functional teams on book design, pattern design and animation for high-profile clients. Became skilled in design thinking principles based on IDEO's design methodologies.
